

Welcome to Annapolis Digby

Perhaps you've spent the first part of your life raising a family, perhaps you're tired of working for someone else or perhaps you're just fed up with the rat race. Whatever your reason, the Annapolis Digby region is the perfect setting to bring your entrepreneurial dreams to life. It's a place where you'll find like-minded people, a place where you can focus on the things that really matter to you and worry less about the things that don't.

A WAY OF LIFE

Place

People in this region feel safe and at home. It's quieter here, permitting a more peaceful way of living while still remaining connected to the bigger world. In this beautiful environment, you'll soak up all the great things that life has to offer without spending a fortune. From the spectacular Bay of Fundy to the scenic farms of the Annapolis Valley, you'll discover why our region has consistently inspired artists, creative entrepreneurs and travellers for generations.

A CREATIVE OUTLOOK

Opportunity

There's a strong sense of creative entrepreneurship in Annapolis Digby. It's an attitude, a way of thinking that values big dreams and big ideas. We're forward thinking, technologically savvy and keen to develop the next great innovative solution. Everyone — from leading edge IT developers to independent filmmakers — has found a home here. We'd love to have you join our community.

We take the idea of community to heart. We believe in coming together at events and celebrations of all kinds, from the smallest village social to region-wide festivals. Join us for a lobster supper fundraiser or a vineyard tour. You'll never be a "come from away" here — you'll be a neighbour, someone who is always welcome. And we think you'll discover our business community extends the same warm hand of hospitality. Come see for yourself.

People
COMMUNITY
FIRST

Connected to the world

The FUNDYweb Broadband (FBB) is a 48 strand, 143 kilometre optic fibre network that traverses Annapolis and Digby counties. Internationally recognized for its innovative role in rural economic development, FBB is the first community owned and operated broadband system in the province and is helping Nova Scotia lead the country in broadband availability. It started here. We've worked hard to establish Annapolis Digby as a quiet gem of connectivity and we continue to develop our capacity. Stay connected. Bring your business to Annapolis Digby.
